## Section 2

### APPRENTICE AND GOVERNMENT RESPONSIBILITIES

- 2.1 When a prospective apprentice commences work, they must complete the Apprentice Registration Information Package, including all relevant transcripts and any proof of previous work experience. The Apprentice Registration Information Package is then forwarded to the Ministry of Training, Colleges and Universities (MTCU). A MTCU Training Consultant will review the package and contact the apprentice and employer to set up a meeting to initiate a Contract of Apprenticeship.
- 2.2 The Contract is signed by both the employer and apprentice and is witnessed by the MTCU representative (an apprentice who is under the age of 18 must have the Contract signed by a parent or guardian). All apprentices must register yearly (\$60.00) with the Ontario College of Trades. Call 1-855-299-0028
- 2.3 Within two to four weeks, the apprentice will receive, through the postal system, an Apprentice Registration card. The apprentice must carry this card at all times as proof of registration. The apprentice may be asked to produce this card on jobsites by various other Ministries, inspectors, etc.
- 2.4 An apprentice is to follow the lawful orders of the employer and work as a regular employee. Any problems that may affect the apprentice's contract should be discussed with their MTCU Training Consultant (i.e., hours being worked, wage rate ratios, in-school failures, etc.).
- 2.5 The apprentice must notify their Training Consultant, the QSLJAC, and Local 115 of any change of address. Failure to do so can result in cancellation of his/her Contract of Apprenticeship.
- 2.6 The apprentice is required to attend a Community College for three levels of full time day in-school training during their apprenticeship. The first level is eight weeks in duration. Levels two and three are ten weeks each in duration. A notice to attend school will be mailed to the apprentice about two to three months before they are to attend. The apprentice must follow the directions on the notice; pay the applicable college classroom fees, etc., as soon as possible. Only one notice to attend school will be received by the apprentice. ***The apprentice must obtain permission from the QSLJAC to defer the in-school session. Exemption may be granted for in-school training, if mutually agreed to by both the MTCU and the QSLJAC.***
- 2.7 An apprentice's Contract of Apprenticeship may be cancelled if the apprentice fails to attend a scheduled level of in-school training without obtaining permission from the apprentice's MTCU Training Consultant and the QSLJAC.
- 2.8 Any apprentice who fails full time day in-school training is required to repeat the entire level.
- 2.9 The MTCU Training Consultant may discuss the apprentice's trade school attendance and test results with the QSLJAC.

- 2.10 An apprentice can complete their Contract of Apprenticeship once all of the conditions of the contract have been met. The Contract of Apprenticeship will indicate how many hours are required in order to complete the contract. Hours may be granted for the full time in-school training as follows: Basic (300 hours), Intermediate (360 hours), Advanced (360 hours). All other hours must be worked hours accumulated during the time of apprenticeship as discussed at the time of initial registration.
- 2.11 The apprentice will contact the ECAQSL once all conditions of the Contract of Apprenticeship have been met. At this time, an examination date will be set for the apprentice to write the Ontario Certificate of Qualification exam. A pass mark of 70% is required in order for the apprentice to receive their Certificate of Qualification (commonly referred to as "license" or "ticket").
- 2.12 Once a candidate successfully passes the Certificate of Qualification exam, he/she will receive, through the postal system, two wall certificates – a Certificate of Apprenticeship and a Certificate of Qualification. In addition, a wallet license will be received. This card must be carried at all times by the candidate as proof of being licensed in the trade.
- 2.13 Certificates of Qualification must be renewed every year.

## **Joint Apprenticeship Committee Revised Term Advancement Requirements**

Starting September 1, 2021 the Joint Apprenticeship Committee will be making changes to policy concerning Trade School completion and entering Apprenticeship terms (levels). **Items 1), 2), 3) will not apply to existing 4<sup>th</sup> term and higher apprentices.** The following changes are:

- 2. Apprentices must have their Basic Trade school, Local 115 Trade Level 2 and Code Level 2 completed (passed) before they can enter 4<sup>th</sup> term.**
- 3. Apprentices must have completed their Intermediate Trade school, Local 115 Trade Level 3 and Code Level 3 before they can enter 5<sup>th</sup> term.**
- 4. Apprentices will only qualify for Advance Trade school reimbursement if they have successfully completed all required courses at the Union Hall (T1, T2, T3, C1, C2, C3). The apprentice will have 30 days from that notification to take their apprenticeship completion papers to the MLTSD and then begin their JPC status. If the apprentice does not meet this requirement, their contract with the JAC will be immediately cancelled, which will require them to be laid off from their employer, or deemed ineligible to be dispatched for work until this requirement has been met.**

**It is the apprentices' responsibility to keep track so they are not held back by these policies.**
